Mode: Online

Venue: Live streaming in DYPIMR

No. of participants: 50 including IIC Council Members, Innovation Ambassadors and students

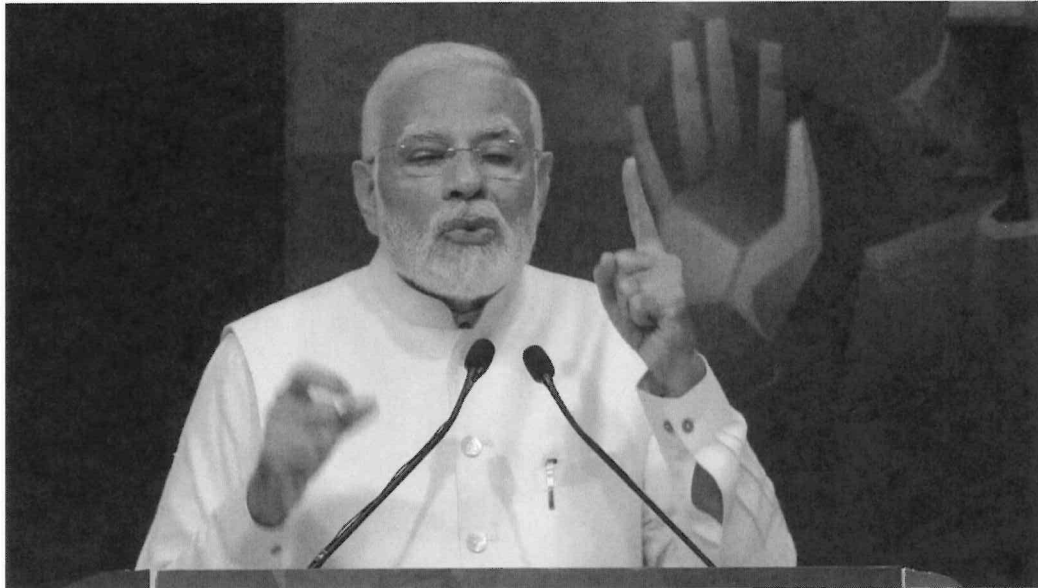

Overall activity summary or screenshot (for online meeting) of the session:

The Ministry of Education organized a session “**Launch of 5G services**” on 01.10.2022. The Institute -Dr. D. Y. Patil Institute of Management & Research’s Institution’s Innovation Council made to attend all the IIC council members to attend it through live streaming on YOUTUBE Platform.

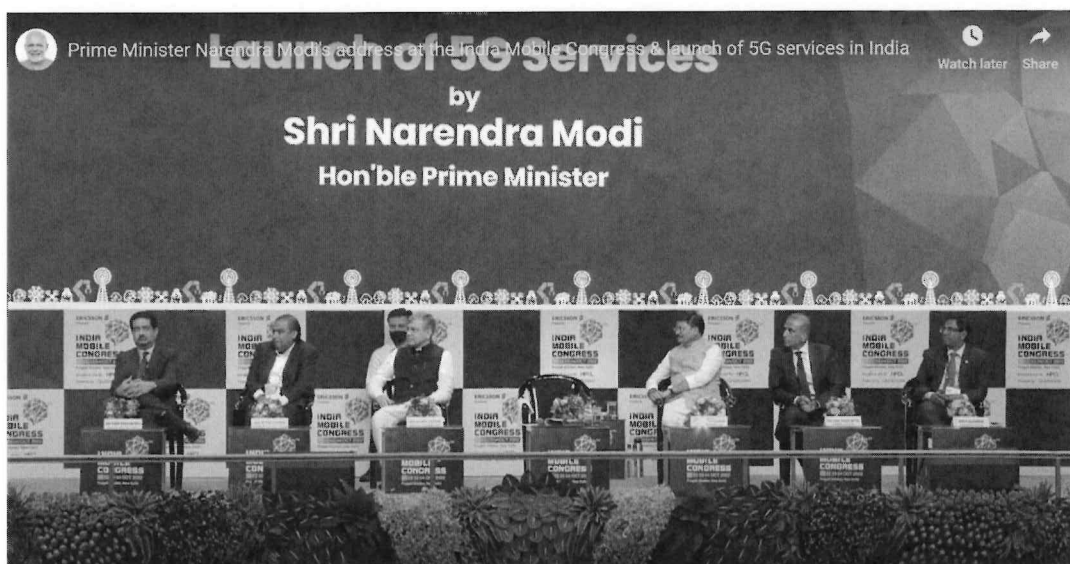

5G services was launched by Honorable Prime Minister Mr. Modi during the India Mobile Congress 2022 which was held in Pragati Maidan, New Delhi. This was done as 5G use cases have tremendous applications across sectors and hold the promise of innovations across the economic sectors. Total 50 Students and Faculty Members from MBA, MBA(Digital Marketing) & MCA departments eagerly watch the live telecast of the inaugural session.

This milestone unlocks huge possibilities for India with high-tech technology and paves the way to bring transformation in crucial areas including agriculture, health, education, Transport, logistics, smart cities, Industry 4.0 and financial inclusion etc. 5G technology will bolster and propel India’s position as an economic and tech powerhouse globally and will provide new opportunities for start-ups to come up with innovative solutions to solve existing challenges, create jobs and contribute to

India's economic resilience. He also inaugurated the India Mobile Congress (IMC 2022), Asia's leading technology exhibition, with the theme "Encapsulate, Engage and Experience a New Digital Universe" at Pragati Maidan in New Delhi. The endeavours of IMC perfectly fall in line with the vision of Digital India and promoting Made-in-India technology to address the challenges in areas of commerce, healthcare, education, communication and financial inclusion.
