Report on

“NEP 2020: Role of Private Sector in an effective Implementation “

By

Education Promotion Society for India (EPSI)

Date: 28/03/2022

About Conference: The higher education scenario in India is emerging as one of the strongest assets of the Nation. The present Government after obtaining views from all stakeholders framed a new Education Policy. To throw more light on the various aspects of NEP , EPSI organized a conference on **“NEP 2020: Role of Private Sector in an effective Implementation” at Hyatt Regency Pune.** His Excellency Shri Bhagat Singh Koshyari, Hon'ble Governor of Maharashtra has inaugurated the National Conference. Dr. Anil Dattatraya Sahasrabudhe, Chairman, AICTE had delivered the keynote Address.

New Education Policy 2020 has the potential to help Bharat rediscover its old glory besides providing high-quality educational opportunities to the youths to determine the future of the country. The new education policy would be the key to India's leadership on the global stage in terms of economic growth, social justice and scientific advancement among others.

Now, It is the duty of all States to make good use of the opportunity and contribute to the success of the NEP 2020,” and the Overall the success of NEP-2020 will entirely depend on how all the stakeholders join hand together, particularly the unaided institutions.

Objective

- To create Awareness on perspective of NEP-2020
- To access of impact of NEP on higher education
- To aid in materialize the version of transforming India into a vibrant knowledge society

Dr. G. Viswanathan

Founder and Chancellor, VIT University Vellore

Keynote Address:

Prof Anil D Sahastrabudhe , Chairman

All India Council for Technical Education, New Delhi

Inaugural Address:

His Excellency Shri Bhagat Singh Koshyari

Honble Governor of Maharashtra

Panel 1 Discussion

Session -1 “ Role of State Governments in Effective Implementation of NEP 2020”

Chairperson :

Prof. V.N. Rajasekharan Pillai

Vice Chancellor, Somaiya Vidyavihar University, Mumbai

Speakers:

Dr. Dipak C Jain

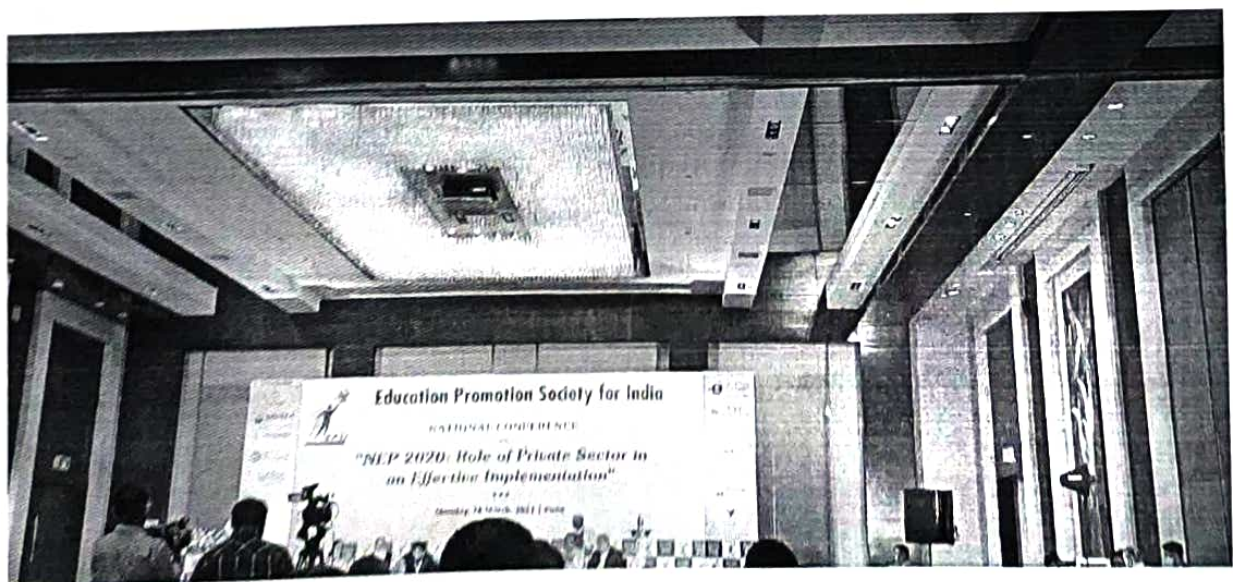

Vice Chancellor, Jio Institute, Navi Mumbai

Prof. (Dr) W.N.Gade

Vice President, Vishwakarma University, Pune

Dr. Ramachandra V Pujeri

Director, Strategic Planning Cell & Industry Collaboration, IT-ADT University, Pune

Guiding Principles for Implementation of NEP 2020

- 1) Implementation of the spirit & intent of the policy will be the most critical matter.
- 2) It is important to implement the policy initiatives in phased manner.
- 3) Prioritization will be important in ensuring optimal sequencing of policy.
- 4) Comprehensiveness in implementation will be the key & will need careful planning, joint monitoring & collaborative implementation between states & centre.

According to Dr.H Chaturvedi Director Bimtech NEP: Use of Out Of Box Thinking can find right solutions.

Opportunities for higher Education Institutions are:

- Institutional Restructuring & Consolidation
- Internationalization
- Motivated Energized & Capable faculty
- Transforming the Regulatory system of Higher Education.
- Effective Leadership & leadership for HEI's.

Challenges for higher Education Institutions are

- Funding NEP during COVID times
- Uplifting & Modernising the higher education Infrastructure.
- Improving Teaching standards & capabilities
- Developing a common implementation plan for NEP for all States

According to Prof.Anil D.Sahasrabudhe Chairman AICTE The following issues have to be given special thoughts:

- Faculty Training
- Outcome Based Approach
- Mentoring of Young Colleges
- Skill Development
- Spiritual Education

Summary of Session 1:As per the new Education Policy the current fragmented education system has weaknesses of curriculum rigidity, limited autonomy, lags in cognitive skills, poor research .The new policy envisaged with a forward looking vision with the objectives of skilled based holistic development ,knowledge economy full equity & inclusion that will produce creative & innovative individuals . this needs reforms & restructuring of higher education systems, establishment of large Multidisciplinary universities, teaching in Indian languages, promotion of autonomous colleges & promoting autonomous colleges to university category, cluster formation internationalization at home etc.

Vice President ,VIT University, Vellore

Dr. Sandeep Sancheti
Provost(vice Chancellor), Mareadi University ,Rajkot

Summary of Session 2

The 21st century has largely been dominated by a society that is driven by information and knowledge. Industrialisation and economic expansion of this century are causing technological transformations all over the world. Today, monodisciplinary dominance in knowledge systems is being replaced by cross-disciplinary programmes that have broadened intellectual frameworks for the understanding of nature and society. Universities are expected to play a key role in social transformation, breaking the stranglehold of a single disciplinary and intellectual framework that has dominated since the 19th century. Education is a critical factor in the development of society, by bringing technological and economic growth. Higher education is critical for societal aspirations, developmental priorities and societal values, all of which must be assessed, nurtured and refined regularly which can be done Developing Academic leaders at each level.

The time has come to realise that the self reliance of India cannot be confine to catering only to its own requirements. The world must also get a taste of India's quality and efficiency. It is not mere co incidence that the Prime minister gave his call for a self reliant India or Atmanirbhar Bharat at almost the same time as the implementation of NEP 2020. Equally important is to realize that the real strength of Atmanirbhar Bharat needs to emanate from infusing a patriotic fervour amongst our youth through the Leaders.

Session - 3

“Can Cluster Model under NEP 2020 Will be a Game Changer in Higher Education”

Chairperson :

Prof.(Dr). Amit Banerjee

Pro Chancellor,Siksha ‘O’ Anusandhan, Bhubaneshwar

Speakers :

Dr. B B Ahuja

Director,College of Engineering ,Pune

Dr. Atish Chattopadhyay

Director, Jagdish Sheth School of Management , Bengaluru

Dr. Srinivasan R Iyengar

Director, Jamnalal Baja Institute of Management Studies,Mumbai

Summary of Session 3

Cluster university is a new concept that is dedicated to students who want to discover & learn new things regardless of the field/branch/discipline they’re in. With the cluster university initiative, the Government officials are aiming to revamp the present condition of Higher education institutions (HEIs) to add more value to student learning.

With the introduction of Cluster University, the single-stream approach of teaching-learning will be ruled out. All the educational institutions including the ones that are offering professional degrees will be transformed into a rationalized architecture that is popularly being referred to as “multidisciplinary HEI clusters” or “knowledge hubs” .

The Cluster University will head 3,000 or more students and allow them to choose subjects and courses that interest them. The university will allow a vast number of institutions that may be focused on various areas- such as

- Teaching-intensive University
- Research intensive University
- Autonomous Degree Colleges

Thus, students don't need to stress over anything during their learning journey and can explore their passion for innovation

The conference was attended by:

Dr.Meghana Bhilare

Dr.Vishal Wadajkar

Dr.Teashree Talla

Dr.Shikha Dubey
