Introduction :

On 28th February 2023, DYPIMR celebrated National Science Day, which marks the discovery of the Raman effect by the Indian physicist, Sir C. V. Raman. The theme for National Science Day 2023 was "Innovation in Science," with the aim of inspiring students to pursue careers in science and technology.

As part of the celebrations, a web design contest was held to showcase the innovative scientific ideas of young students. The event aimed to promote information sharing and seamless interactions to instill a passion for science in young minds. The National Science Day-2023

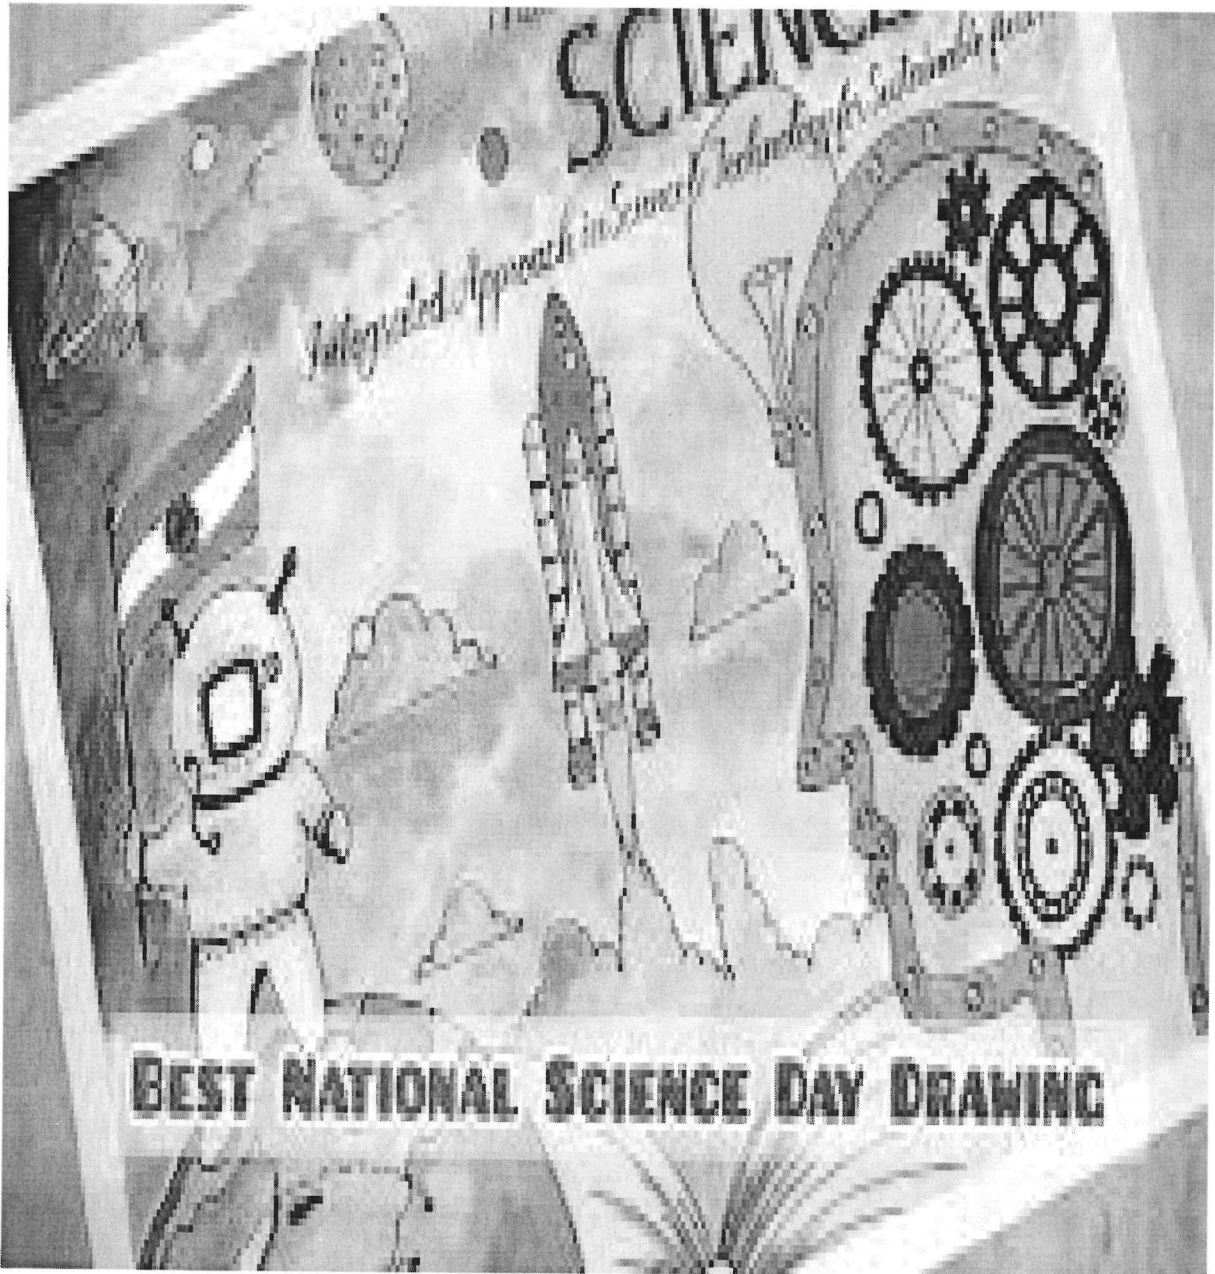

celebrations at DYPIMR provided a platform for students to exhibit their innovative ideas through the web design contest by making Web Poster . A panel of judges will evaluate the poster presentations, and the top three participants will be recognized with prizes. Theme of the Program:
